ENHANCEMIND AI CONFERENCE - CONCEPT NOTE

EnhanceMind AI (emAI) Conference is an event prepared and hosted by **CameLabs** to explore the fundamentals, advances, and breakthroughs in Artificial Intelligence. The conference also intends to explore more on Artificial Intelligence use cases and how it can be integrated in tackling challenges around different sectors(public sector, private sector, academia and industries). emAI will engage students, researchers, professionals from industries, government officials, policy makers and other data solutions enthusiasts to learn and discuss strategies and policies that could provide a suitable environment for researchers in terms of data privacy policies and Artificial Intelligence adoption. The conference will take place from **14th to 16th of November 2022**, Dar es Salaam Tanzania.

Briefly About CameLabs

CameLabs is a research and innovation laboratory, bringing together the capabilities of **Artificial Intelligence**, **Internet of things**, **Blockchain**, **Robotics**, and **Reality Technologies** for betterment of humanity. CameLabs is dedicated to conducting **research**, **ideas nurturing**, and **communities building** in the listed stack of the Fourth Industrial Revolution (4IR) technologies.

We have seen a great potential to contribute to the **National Five Years Development Plan (FYDP)** in country digitalisation through the Fourth Industrial Revolution technologies by exploring how we can use the power which comes with Artificial Intelligence on enhancing **digital applications that are accelerating efficiency in production, services and governance systems.** [FYDP 2021/2022 - 2025/2026. Page. 65].

We are happy to partner with anyone interested to empower the community to help unlock the potential of data driven Tanzania. If you have any questions or queries, please do not hesitate to contact the organizing team at any time. Looking forward to your support and to having you as our partner for the event.

Thank you so much!

Sincerely,

Organizing Committee
